Betreff: Dr. Wassil Nowicky, Keynote Speaker Invitation for BRCM 2018, Paris

Dear Dr. Wassil Nowicky,

We hope you are doing great!

This mail is a gentle reminder from **International Conference on Biomarker Research in Clinical Medicine (BRCM 2018)**.

We have announced the commencement of BRCM 2018 scheduled for February 19-21, 2018 in Paris, France. We welcome your valuable presence as an Organizing Committee Member to the 3-day scientific gathering to experience and unfold varied facets of Biomarker research and its applications in diagnostics and therapy.

For further details on conference [CLICK HERE](#)

We are confident you will find this meeting fruitful for enlightening knowledge and future endeavors.

In case of any queries, please feel free to mail/contact us.
We look forward to your association with BRCM 2018.

Have a great day!

Best Regards,
Priyanka M

Subject: Keynote Speaker Invitation for BRCM 2018, Paris
Importance: High

Dear Dr. Wassil Nowicky,

With great pleasure, we invite your honorable presence and participation as a **Keynote Speaker** for our upcoming – **International Conference on Biomarker Research in Clinical Medicine(BRCM-2018)**, scheduled for Feb 19-21, 2018 in beautiful city Paris, France.

United Scientific Group is hosting this 3-day scientific gathering with theme – “*Uncover different facets of Biomarker study from research to therapy*”, will involve activate participation of scientists, oncologists, radiologists, neurologists, geneticists, clinicians, medical faculty and students, diagnostics experts, pharma experts, industrialists, young researchers, researchers, students etc., under one roof to explore new avenues in the field of Biomarkers.

As your expertise is a best fit for the BRCM 2018, we request your presence as a Keynote speaker to provide us your valuable insights that aid in better understanding and application of biomarkers in diagnostics & treatment modalities besides making the event even more beneficial for the scientific community.

To know about the conference, Please visit <https://www.unitedscientificgroup.com/conferences/biomarkers/>

To submit your abstract for the talk, Please visit https://unitedscientificgroup.com/conferences/biomarkers/Abstract_Submission.php

Please send your consent at the earliest and let us know if more information is needed.

Have a great day!

Best Regards,
Priyanka M
